

RAST Rapid Securing Device (RSD) FWD Electric Cable Clamp Assembly Configuration

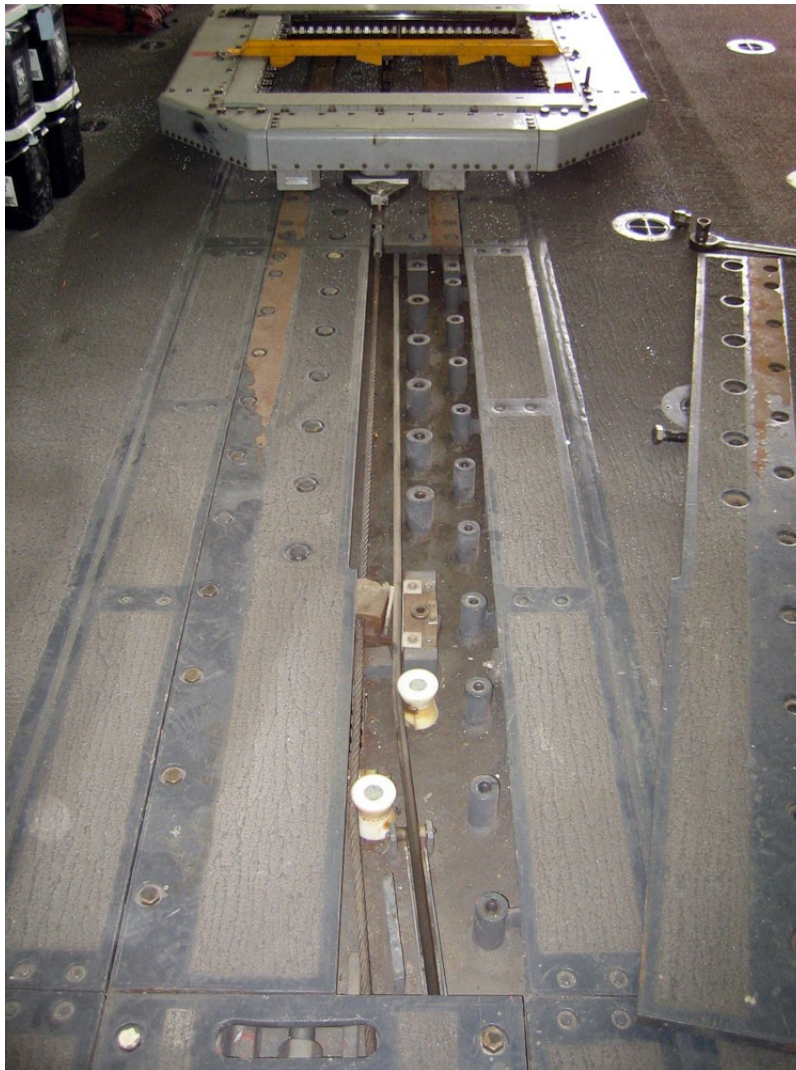

Figure 1: RAST track plate removed to gain access to FWD Electric Cable Clamp Assembly (No maintenance plate required)

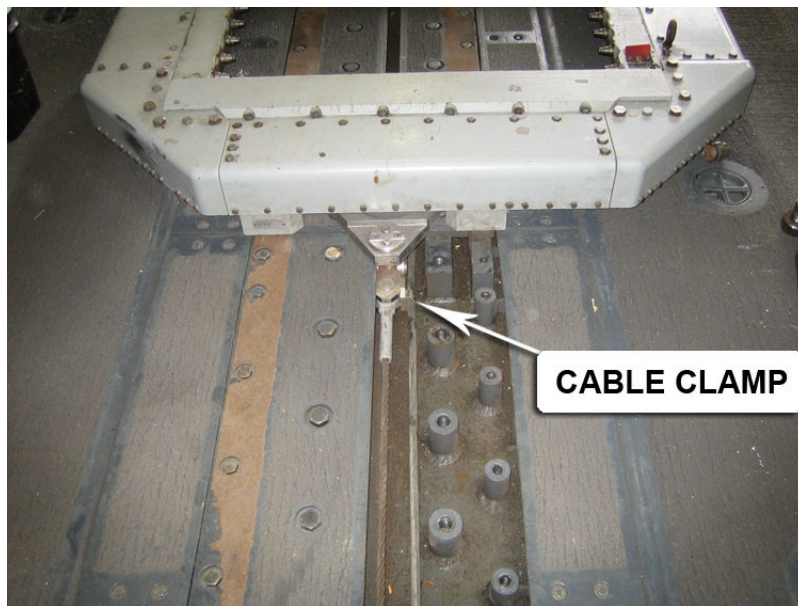

Figure 2: RAST Rapid Securing Device (RSD) moved forward to allow removal of the FWD Electric Cable Clamp Assembly (Absence of the maintenance plate provides adequate space to remove the assembly)

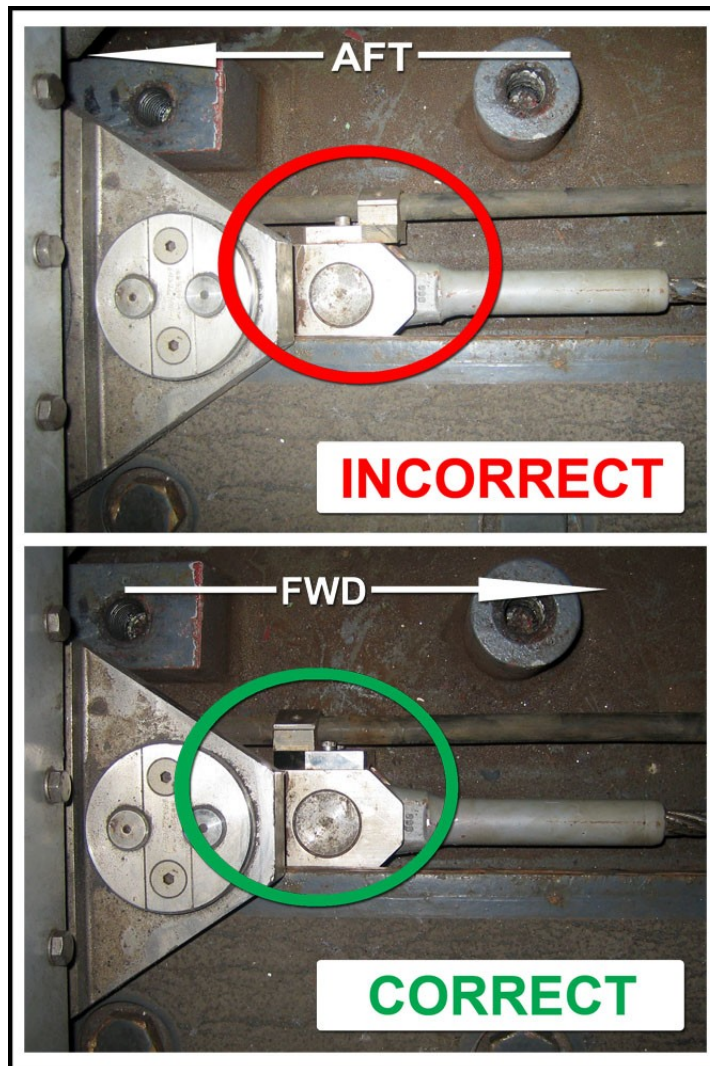

Figure 3: Top view of FWD Electric Cable Clamp Assembly in both configurations

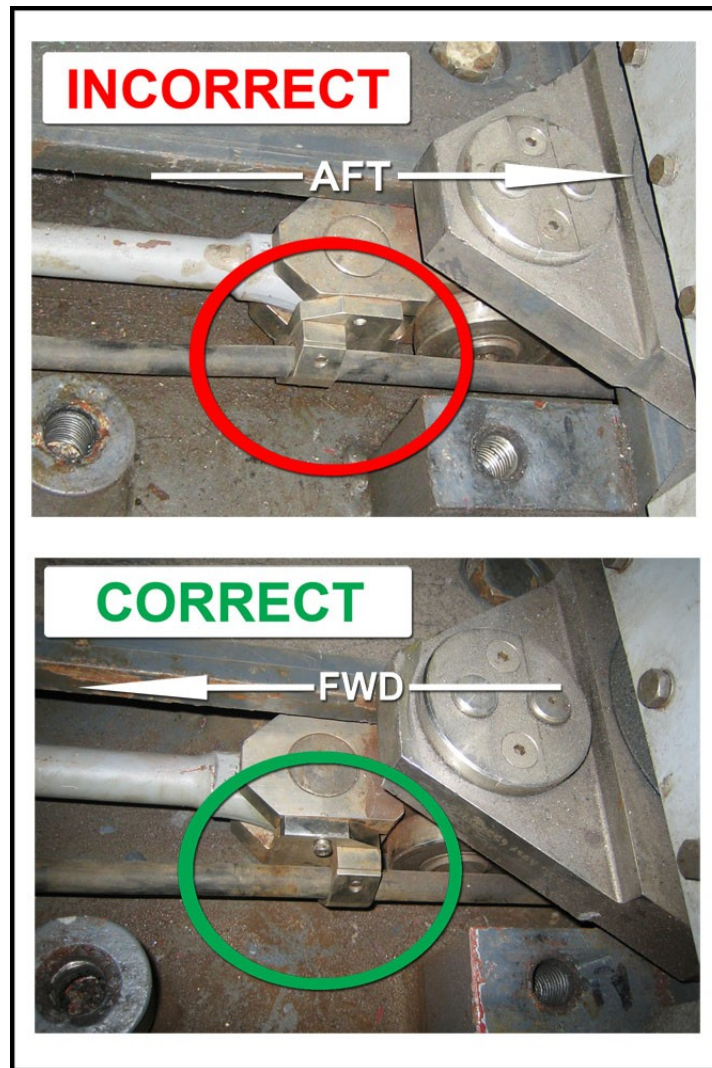

Figure 4: Side view of FWD Electric Cable Clamp Assembly in both configurations
